

Steve was an amazing husband, father, son, brother and friend. He had the biggest heart and passion to help others.

He loved motorcycles and the feeling of being free while riding. He also loved God, as well as the outdoors.

He was so proud of all 4 of his children and how much they have accomplished in their lives. He always had a passion for kids and loved his job as a special education aide.

Steve was a simple man that only needed his family and outdoors to be happy.

- Miriah Birtciel -

Let's come together as the great community we are and help this sweet family through this difficult time!
